BOSAN

Amarone della Valpolicella

Denominazione di Origine Controllata

CLASSICO RISERVA 2007

Here is a beautiful wine from Cesari. The 2007 Amarone della Valpolicella Classico Riserva Bosan shows a darkly rich and concentrated appearance. The wine follows two distinct themes. First, it shows an overtly fruity side with dark tones of plum, blackberry and dried cherry. This is a balanced vintage that exhibits heft, heat and determination. The wine is thick and textured in terms of mouthfeel. Despite the wine's power (the alcohol is 15.9%), it ends on a beautifully elegant note. The blend is 80% Corvina and 20% Rondinella. Some 29,500 bottles were produced.

Il Bosco

Amarone della Valpolicella

Denominazione di Origine Controllata e Garantita

CLASSICO 2010

Cesari has hit its stride with the 2010 Amarone della Valpolicella Classico Il Bosco. This is an opulent and layered red wine with savory notes of saddle leather and exotic spice that drive the wine's dark core. This Amarone manages a careful balance with beautiful precision. In the mouth, it is smooth and rich with a deep textural impact. The blend is 80/20 Corvina and Rondinella.

Jèma

Corvina Veronese

Indicazione Geografica Tipica

2011

The 2011 Corvina Jèma is a terrific wine that offers opulent fruit flavors that are amply supported by the wine's thick inner concentration. It shows bold lines and an exuberant character for sure, but ultimately the wine delivers a careful sense of studied balance and harmony that underlines its pedigree. It is made according to the highest criteria using the workhorse Corvina grape that is one of the principal blending partners in traditional Amarone. It is aged in both French barrique and Slavonian botte grande. In recent years, we've started to see very interesting mono-variety expressions, as found here. Some 32,000 bottles were produced.

Ripasso Bosan

Valpolicella Ripasso

Denominazione di Origine Controllata

SUPERIORE 2013

Cesari has fully embraced the Ripasso philosophy and makes some of the finest expressions of this unique wine found on the market today. The 2013 Valpolicella Ripasso Superiore Bosan is a delightful interpretation with a generous delivery of aromas and a beautifully saturated appearance. The word "velvety" is a fitting adjective to describe Bosan's performance on all the senses. There is a very distinct touch of sweetness and the wine offers thick layers of dark fruit, prune and black currant. The blend is 80% Corvina and 20% Rondinella.

Amarone della Valpolicella

Denominazione di Origine Controllata e Garantita

CLASSICO 2012

The Cesari 2012 Amarone della Valpolicella Classico is a balanced red wine that walks a thin tightrope. This exuberant wine shows fruity opulence on the one side and sophisticated spice and leather on the other. These converging forces produce a great sense of persistence and length. This wine is put together nicely with all its elements stitched tightly together. Yet, it also shows that sweet fruity opulence that you should expect of Amarone. The blend is 75% Corvina and 20% Rondinella with 5% Negrara and Rossignola
